RAPID GROWTH OF THE RED ARMY

Number 70,000 All of Whom
Are Said To Be Well
Armed.

SITUATION IS GRAVE

Southeastern Germany Reported
Quiet, But Unrest Is Spreading
Among Agricultural Masses.

Coblenz, March 22.—The Spartans gained control of the Ruhr district yesterday. The Red army took possession of Duisburg, Garmisch, Mülheim and Mettmann, west of Elberfeld.

A report at noon states that Reichswehr troops from Duisburg have cut their way through to Düsseldorf, south of Wesel, where a Reichswehr concentration apparently is taking place.

A direct report from Duisburg says that a soviet government has been set up. No private telephone conversations are permitted except for the procuring of food and coal.

The Red army in the Ruhr districts is reported to have available a force estimated at 70,000 men, all of whom probably are armed. The situation is considered extremely critical because of the rapid growth of the Red army and its mobility which was displayed in the taking of Essen. There are about 6,000 troops of General von Watter's command in that vicinity, but of these 1,500 are said to have been forced to retire across the boundary into the British occupied area.

However, there are no further reports of bloodshed, and it is believed the imminent march of the Government forces now being concentrated will quickly quiet the region, although last week it was feared there would be the most serious clash since the armistice brought theoretical peace in Germany.

Berlin, March 22.—President Ebert arrived in Berlin from Stuttgart at 11 o'clock this morning. The entire cabinet is in Berlin and has been sitting since 2 o'clock this afternoon. The state of siege in Berlin and the province of Brandenburg was raised Saturday afternoon. It was announced officially today.

The streets of Berlin, for the first time in a week, presented a peaceful aspect yesterday. A manifesto issued yesterday by the trade union advises a resumption of work, now that all grounds for continuance of the strike have been removed. It adds that the fundamental causes of the reactionary coup d'état lie in the "unnatural peace of Versailles," radical amendment of which the manifesto declares to be necessary.

Apparently, the Communists have found themselves unable to muster sufficient forces even to attempt a concerted effort against Berlin. Officials of the restored Government confidently predict that the majority of striking workmen will return to their tasks today.

Southeastern Germany is reported to be quiet, but unrest is spreading among the agricultural classes in Pomerania and Mecklenburg. The Communists are still in control of Stettin, but the troops have left Keil which is now quiet.

BLAZE AT SHIPYARD

Spontaneous combustion is thought to have been responsible for a fire in the office of the paint shop on the second floor of that building, at the plant of the Virginia Shipbuilding Corporation, shortly before 1 o'clock Sunday morning. The loss will be several thousand dollars and is covered by insurance. A record gun was made by the fire department to the scene.

END SULTAN'S RULE

Captured Nationalist Leaders, Including Reuf Bey, on Way to Malta.

CONSTANTINOPLE, March 22.—The passing of the sultan's power is grimly evidenced by the long line of British dreadnaughts in the Bosphorus, but it is apparent that most of the Turks refuse to accept this evidence.

The sultan, the past week, issued an exhortation to his subjects to pursue their usual vocations in peace, regardless of foreign occupation. Meanwhile a British warship was steaming toward Malta, carrying Reuf Bey and many others of the nationalist leaders who were supporting Mustafa Kemal's opposition to the dismemberment of Turkey and who were taken in a raid on Constantinople preceding its occupation.

The nationalists charge the sultan with treachery and say he lacks courage and patriotism. The sultan's cabinet threatened to resign, but after several meetings decided to remain office. Although it is reported the chamber is prepared to give a new cabinet a vote of confidence, no meeting of the body was held today, most of its members being in hiding or in flight.

That part of Constantinople's foreign population which understands the political situation has little interest in the doings of the sultan, the cabinet or the chamber.

FIRE INTO RADICAL CROWD

Square in Front of the Adlon Struck With Dead and Wounded a Second Time.

BERLIN, March 22.—The Parisierplatz, at the corner of Wilhelmstrasse, a front of the Hotel Adlon, was again the scene of a bloody battle Friday. Besides a number of troops the square was guarded by formidable armored motor cars with machine guns threatening from the turrets. A driving crowd of men, women and children collected around the motor, jeering the soldiers and trying to persuade them to join the anarchist movement. The solid men in the turrets, however, proved above temptation.

Once or twice, when the crowd got too dense and refused to move, they threatened to shoot and there was much screaming and running, but soon the crowd collected again.

A small wagon, almost a toy, drawn by a tiny pony, drove up close to the motor. There were three men in soldiers' uniforms, one woman and one machine gun on it. The men shouted to the soldiers in the turrets not to shoot and the latter, believing the newcomers belonged to the government forces, listened to what they had to say.

EVANGELISTIC SERVICES

With good congregations present both morning and evening, evangelistic services opened in the Second Presbyterian Church yesterday. Services will be held every night this week at 8 o'clock, with preaching by Washington pastors to be announced later.

The pastor, Dr. John Lee Allison, will preach tonight, taking as his subject "The Present Day Need of the Church." Music by chorus choir.

Heretofore there have been six regular terms in the year.

Darling Dorothy she has left us, Left us, yes, for evermore;

But we hope to meet our loved one On that bright and happy shore.

There was an angel band in heaven That was not quite complete, So God took our darling Dorothy To fill the vacant seat.

BAPTIST FINANCES GIVEN BY PASTOR

Total of \$31,200 Subscribed
For Coming Four
Years.

PER CAPITA \$10 EACH

Seventy-five Million Campaign Resulted in Subscriptions Amounting to More Than \$39,000.

At the First Baptist Church yesterday morning Rev. Dr. E. B. Jackson, gave some data taken from the records of that church, apropos of the recent reception given in honor of the fourth anniversary of the present pastorate. The church has made marked progress in every department, and stands united for larger service in the future. The congregations at all the regular services are large and a spirit of enthusiasm and optimism pervades the entire church life. The Sunday School has been so enlarged as to require two gatherings, one in the basement and the other in the main auditorium.

A most vigorous and well attended young people's meeting is held every Sunday evening just before the regular service. A large chorus choir is doing effective work. The different Missionary and other societies have a spirit that causes congratulation. New members are frequently received and there have been in this prior two revivals in the church with remarkable results.

The financial system of the church has been revolutionized. The minutes show a rapid increase in contributions to missions and benevolence. During the four years ending with 1915 contributions to these objects were in round numbers \$2,848; during the four years of this pastorate the contributions have been, to similar objects, have been \$9,875; and during the coming four years' subscriptions to these objects are \$31,200.

In 1915 the per capita contribution to mission and benevolence was \$1.25 in 1919 the per capita contribution was \$7.50; in 1920 subscriptions will provide a per capita contribution of \$10 per member; in 1915 over four times as much was given for home purposes as for missions; in 1919 almost the same was given for both and in 1920 the amount for missions and benevolence will be far in excess of that for current expenses. The recent campaign in the South for 75 million resulted in subscriptions in the church amounting to more than thirty-nine thousand dollars.

At the evening services at this church an excellent musical program was given by a special choir under the direction of Prof. W. H. Starrett. A congregation that filled the church to its capacity attended.

VEOTES SALARY INCREASE

Governor Davis Recommends that State Insurance Commission Butten be Given \$4,000 Per Annum.

RICHMOND, March 22.—Return by Governor Davis of the bill increasing the salary of Colonel Joseph Butten, State Insurance Commissioner, from \$3,500 to \$4,500, with the recommendation that it be cut down to \$4,000, was the feature of the final constructive session of the legislature, which adjourned Saturday evening at 5:15 o'clock sine die. No action was taken, and the salary remains at the present figure for the next two years.

Governor Davis also informed the two houses yesterday that he had vetoed the bill appropriating the sum of \$10,000 for installing a sewerage system at the Southwestern State Hospital, at Marion. This work, he declared, should be done by the town in which the institution is located; and not by the State.

One hundred and ninety-two bills were signed yesterday by the presiding officers of the two branches of the legislature. During the session 522 measures were approved by the General Assembly and transmitted to the Governor for his signature. Three hundred and fifty-two of these originated in the House and 170 in the Senate.

Y. M. C. A.

Directs Play Activities in Schools. It was an interesting sight to see from five hundred to six hundred boys playing mass games at the Washington School this morning during the recess period under the direction of Walter Hanson, Y. M. C. A. secretary in this city.

The Y. M. C. A. has secured permission from the school board and the superintendent of schools to use the playgrounds for play purposes during the recess period and at such time as will not interfere with the regular school program. The Y. M. C. A. plans to direct the play activities in all the grade schools. A baseball league is being organized in the Washington school and will play games after school hours and on Saturdays. The plan is to develop morale through the promotion of clean sport and good character. To teach our boys to be good sportsmen, good winners and as well good losers. To stimulate a program of activities for the welfare and uplifting of boy life in all that stands for highest method.

Walter Hanson who is directing the Y. M. C. A. activities is a camp physical director at Camp Gordon, Georgia, for two years and one year at the Naval Air Station Pensacola, Florida. He is a very much interested in the recreational, spiritual, educational, and social life of our community, and is receiving hearty co-operation from the teachers of the public schools, the churches and other organizations.

AMERICAN WOMEN'S LEGION

An interesting address on her experiences in South America were related by Mrs. Ida Clyde Clarke before the members of the American Woman's Legion at a meeting yesterday afternoon at the residence of Dr. Kate Waller Barrett, president of the local organization. The question of permanent quarters for the woman's branch of that organization were discussed and it is expected that definite action will be taken at the next regular meeting.

SAYS PILOT MET FOUL PLAY

Father Lays Son's Death to Two Passengers.

Norfolk, Va., March 22.—That Samuel R. Elwell met with foul play at the hands of men who had hired him to carry them out in the harbor in his motorboat late Wednesday night is the theory held by Elwell's father, A. M. Elwell. The young pilot's license has floated ashore near Craney Island, and this "has given the boy's father evidence that the little motorboat was sunk in a crash early Thursday morning at a N. Y. P. & N. tug of tugboat. Mr. Elwell does not believe his son was the wheel of the motorboat when the accident occurred. He stated Young Elwell he said was an expert swimmer, and knew the harbor thoroughly.

"He would never have run his boat into a tow line between a tug and a barge," Mr. Elwell declared. The distracted father said that Wednesday night two strangers came to the house where Samuel Elwell was eating his supper, after a strenuous day on the river. They wanted Elwell to take them to a certain ship in the harbor at once, as they expected to arrest a man on board. Young Elwell, who for several years has often been employed by immigration and customs authorities to carry them in his launch on their various duties in the harbor, believed their story and set out for the pier.

Mississippi Prohibition Commissioner Asks State Assembly to Reveal Source of Moonshine Supply.

Jackson, Miss., March 22.—Saying he had reason to believe that intoxicating liquors are being sold "openly and brazenly" to members of the Legislature, Major W. C. Wells, Federal prohibition commissioner for Mississippi, has appealed to the lawmakers, as law-abiding citizens to reveal the source of their "supply."

The lower House last week voted down a bill appropriating funds to aid the Federal authorities in running down moonshine.

PRIMARY CONTEST TWO WEEKS OFF

Three Are Aspirants for the
Mayorality Honor This
Time.

EASY FOR ALDERMEN

Contest For Seats in Common Council In Every Ward Except First—Primary April 6.

Two weeks from tomorrow a Democratic primary will be held for the purpose of nominating a mayor, four members of the board of aldermen and eight members of common council. The mayorality race is a three-cornered race, and the friends of the respective candidates have been making a quiet but active canvass in the interest of their candidacy for some time past. Indications are that a large vote will be polled.

Those seeking the mayorality nomination are Capt. Albert Bryan, James M. Duncan and William J. McCaffrey. Mayor T. A. Fischer, incumbent, will not again be a candidate for the office. He is now completing his second term as mayor.

The Democratic nomination is equivalent to an election. The nominee, if elected, will assume the office September 1, as will also the new councilmen.

There are contests in three out of the four wards for common council the first ward being the only ward in the four where the incumbents are unopposed. In the second ward the voters have a large number from which to select two candidates, there being five in the race. Three seek the office in the third and fourth wards.

Candidates for common council by wards follow:

First—J. D. Matter and E. F. Tier, incumbents, unopposed.

Second—Jerome Kaufmann, incumbent; Robert F. Downham, J. Harvey Robinson, Frank C. Pullin, and A. D. Deaton.

Third—H. R. Burke, incumbent.

Fourth—S. Devers and Clinton S. Ballinger, incumbents, and W. E. Risdon.

The four candidates, one from each ward for aldermen, unopposed, are as follows: First ward, F. W. Murray; second, W. W. Ballenger; third, John T. Harrison; fourth, C. C. Batchler.

The only incumbents who are no again candidates for office follow Joseph M. Armstrong, first ward; and August J. Pohl, third ward.

AMERICAN LEGION

The fourth dance given under the auspices of Alexandria Post No. 24 American Legion, held in the Elk Auditorium, Saturday night, was as successful as former affairs of this organization, and another dance will be given in a few weeks.

The local post will present a musical comedy on April 22, and the talent of the city will be seen at that time in a stage setting worthy of the youth and beauty of Alexandria.

BANDITS ROB AUTOMOBILIST

Alfred Stainer of Washington Relieved of \$15 and Gold Watch.

Alfred Stainer, who gave his address at 2401 Madison street northwest, Washington, reported to the police of this city shortly before 10 o'clock last night that he was held up and robbed by a negro highwayman while at the south end of the new highway bridge.

According to Stainer the highwayman secured a gold Hamilton watch and \$15 in money.

Stainer told the police that he was accompanied by a young woman and they were driving along the road at the line.

He forced Stainer to get out of the machine and made him walk a distance of about 100 yards and then robbed him. The highwayman also made insulting remarks to his female companion, Stainer told the police.

KAISER AND KAISERIN

Strain of Events in Germany Tells on Ex-Ruler, Nervousness Increases and He Drinks Much Wine.

Amerongen, March 22.—The week of strain following the revolt in Germany has apparently made a great impression upon the mental and physical condition of the former German Emperor. His nervousness and sleeplessness are increasing and in trying to conceal his emotions the ex-Kaiser behaves in a manner which seems strange to the servants who have cared for him since he became an exile here.

While formerly he drank only light wines at meal time, the former monarch now calls for wine during the intervals of his wood sawing and his nervous habits of straddling chairs has increased.

The exile's anxiety is heightened, it is said, by the illness of his wife, who for a long time suffered mild attacks of heart trouble. These attacks recurred frequently this week.

The only outings of the former Kaiserin, from the confinement of the castle walls are spent in the sunshine in the garden, where she lies in a reclining chair. She is under the almost constant care of Dr. Foerster, for a long time her personal physician, who was at Amerongen during the early days of the exile of the Hohenzollerns, went back to Berlin, but has returned to Amerongen.

LABOR'S POLITICAL DRIVE

Central Bodies of 100 Cities Will Organize Fight.

Washington, March 22.—Central labor bodies meeting tonight in hundreds of cities, will organize to carry out the political campaign of the American Federation of Labor.

The meetings are in response to the invitation of the Federation's political committee, of which Samuel Gompers is chairman. The central bodies are expected to bring immediately into the campaign the local machinery and membership of organized labor.

Labor leaders assert the co-operation of the member unions is enthusiastic to make the nonpartisan campaign a success. While national politics and Congress are the chief marks at which labor is aiming, State elections are not to be ignored. An effort will be made to defeat all enemies of labor, whether they aspire to State or national office.

WILE VERSES FLOW

HE "COPS" THE DOUGH

Poetic License Nets Him "Kale," the Clerk Remembers; He's Now in Jail.

NEW YORK, March 22.—"Say, did I see you in the jail? I just dropped in to clean this place; to come across with all you've got, never fail to hit the spot!" Peter Kurze, who prides himself on remarkable memory, told the police that a dapper young man entered the Baking Company Shop early yesterday, peddled some jingles and took \$54 from the cash register in exchange.

Kurze repeated the lines smoothly, saying they had been impressed on his mind by the wail of a revolver. After the plunder had been taken Kurze said, the hold-up man again dropped into verse, thus:

"I thank you for this wad of dough. And now, good-day, I think I'll blow."

In the afternoon a policeman saw a young man who fitted the robber's description, except that he looked too respectable for a poet. The policeman said the name James Smith. He was arrested, Kurze, and identified him.

Her funeral will take place at 3 o'clock Wednesday afternoon from her home.

Between two and three o'clock this afternoon some excitement was caused in the northwestern section of the city by a negro named Herbert Willis, who discharged a pistol several times at James Diggs, also colored. Sergeant Wilkinson and Officers Morris and Wagner soon appeared on the scene and arrested Willis. According to Diggs' statement, Willis was in a house with Diggs' wife, and he suddenly appearing attempted to enter Willis in the meantime managed to reach the street where he was met by Diggs and the shooting followed. The object of the assault escaped unharmed.

WAS THE ARMISTICE A MIS-TAKE?

The sabre again clanks in the Wilhelmstrasse and the Huns are once more stepping in the streets of Berlin says the *Manufacturer's Record*.

"It makes no difference whether the present revolution is a flash in the pan or not. Whatever it is, it shows that the Hun is still the Hun. If for a moment pretenses of democracy will serve him better than his guns he will permit the pretense to continue. But German is German, and whatever the form of government, it is as the militarists desire. They are the power back of the throne; they are Germany."

"It was apparent even to a base that granting of an armistice was gambling with disaster. There was but one way to extirpate Hunnism from the face of the earth, and that was to extirpate it. To grant an armistice while the demon stood on conquered soil, when in all Europe his own homes alone had not known the ravages of war, was to leave in his hands the prestige of victory, and leave him strong again to challenge civilization when opportunity presented. His armies went home amid plaudits. Everywhere were the soldiers garlanded, and nowhere in all Germany did men admit defeat. They had not won, but they had not lost; they said; they simply quit when they wanted to quit; that they might live again to stab civilization in the back."

"It was a foolish, almost a criminal, thing to offer the Hun our right hand if he would dress himself in a democratic garb. The unforgettable and unforgiving dead had found the Hun the same, no matter what his dress. Helmeted or unhelmeted, his cruelty to those he crucified was the same. It was the heart, not the clothes, of the beast that imperiled the world."

"Irreparable, therefore, as was the mistake of the armistice, the military genius of Poch was able to some extent to nullify the mischief of the statesmen. If they would not let him kill the monster, he could in some way chain it, and that is what he sought to do."

"When the Allied and American armies were by America's action halted in their march on to Berlin we committed one of the most stupendous blunders, probably the greatest in human history. Every day since the armistice has given new proof of this fact."

JEW AGAIN THE TARGET

It is invariably the case when disorder becomes widespread persecution of Jews is in evidence.

A sudden and widespread revival of the anti Semitic movement made itself felt last Friday in Berlin when at intervals throughout the day leaflets were distributed protesting against the presence of Jews in public office and attempting to inflame the public mind by cartoons picturing the German people as starving in a cage while well-fed and prosperous Jewish merchants look on and are made to say "Don't feed the animals."

Since the first German revolution in November, 1918, it has been estimated that about 80,000 Jews from Prussia have come to Berlin. The Jewish population of the capital now is estimated at 210,000 persons.

At a meeting of an anti-Semitic organization known as "Hugarians Awakening" in Budapest last week there were addresses demanding the distribution of the property of Jews among Christians, and later a mob rushed through coffee house in the city, attacking Jews. Thirteen persons were seriously injured during the disorder.

JEW AND CHRISTIAN UNITE

Co-operation by Jews and Christians in a national campaign to carry the religion of their fathers to 4,000,000 Jews in America was agreed to in a recent conference here by representatives of the central conference of American Rabbis, the Federal Council of Churches and the Home Missions Council was an-

ounced in New York. Campaign plans will be made at a meeting today.

The conference adopted a resolution which said:

"We desire to co-operate with each other, as brethren in all efforts for Americanization and for promoting righteousness in the American people."

All churches in the United States, except the Catholic, were represented at the conference, it was said.

CHURCH VS. REDS

More than \$10,000,000 will be expended within the near future by Protestant churches of the United States in a campaign against the dissemination of red doctrines in this country. Announcement was made in Washington last night by the national interchurch committee, of which former Secretary of State Robert Lansing is honorary chairman, that a powerful alliance, representing 70 per cent of the Protestant organizations of the country, has been formed between a score of denominational church organizations to fight the "red" menace.

AN PROTEST

Editor, Gazette
(Communicated)

I am an old citizen who has paid taxes for many years as they have fallen due without a complaint, even when they increased taxes last year. Now to increase them again—50 cents on the \$100, a rate one fifth more for this year, is too heavy a burden to bear without an earnest protest. For myself, the city has not expended a dollar in street improvements on any street around where I live, though the city has been improved and beautified in many parts to the benefit and value of property so favored. I am glad for the sake of the majority of the people of Alexandria in the new life for the city, for the uplift of business, and new people and the benefit that has accrued to those who have business interests in the new life, and are profiting by it, but it is up to them, the banks and merchants to meet this city financial trouble, and not to the home owner who very many of them are fit no way beneficiaries of the new business prosperity in others. The reverse, owing to increased expenses, entailed by the greater demand for food and helps, with higher prices, I therefore urge the city fathers to consider some other plan to help the city out of trouble, to be just and let the burden fall on those reaping the benefit from the City's prosperity.

VIRGINIA NEWS

A. J. Oliver State Prohibition Agent was convicted by a jury of his peers in Hastings Court, Part I., last week of a charge of violating the prohibition law, and his fine was fixed at \$250, with a sentence of one month in jail. The jury was out only twenty minutes. Senator Mapp made the usual motion to set aside the verdict as contrary to the law and the evidence. Saturday morning, April 17, at 10 o'clock was fixed upon as the date upon which the motion will be heard by Judge D. C. Richardson. The bail bond of Oliver was renewed in the sum of \$500 Senator Mapp going surety.

Plans are on foot to renunciate the population of Fredericksburg, and ascertain whether in the United States census any persons were missed. The failure of the city to show a larger increase in population is inexplicable, and the contemplated census will endeavor to ascertain if there was any mistake. It is said that a number of business men will be chosen. Each will be given a block or two to take, and the entire work will be done in one day. Original lists are available for comparison.

Richmond soon will have direct railroad connection with the Northern Neck of Virginia, one of the most fertile but inaccessible sections of the State. This prospect is offered in an application filed yesterday with the State Corporation Commission, for a charter for the Northern Neck Railway and Power Company, which will operate a transportation line from Fredericksburg to a point on the Rappahannock River, 100 miles distant. Electric power will be used.

Charged with stealing a purse left inadvertently in the postoffice and putting to her own use a theatre ticket she found in it, Mrs. W. L. Glenn was arrested in Danville Friday night at her room in a hotel. The purse, containing \$20 in cash and a \$35 check, belonged to M. S. Kidder, who remembered the number and the tier of the seat he bought for a theatrical performance. The manager pointed the woman out to the

police, who took action. She put up \$50 security for her appearance in court but did not appear. Her attorney was fined \$10 for being abusive to police officers.

POLITICAL BOYCOTT

Samuel Gompers writing in the current issue of the American Federationist, asserts that labor's non-partisan political fight will be aimed particularly at "defeat of those candidates who are enemies of labor."

"The fight is on," the article said. "Labor has no weapon but the truth, no force but the force of reason and argument. Its appeal is to the heart and brain of America. Its aim is the welfare of the American nation, the safeguarding of the American democracy."

"Labor's partisanship in America has been to principles not to parties or to men."

Asserting that labor's right had been "menaced by many present holders of political places," Mr. Gompers said that injunction process had been "abused" until it "would scarcely be recognized by its originators."

"More than a year has passed," he added, "since silence settled over the battlefields, yet in all that time not one measure of really constructive character has been placed on the nation's statute books. The national machinery of government seems to have been paralyzed into either inaction or reaction by the cessation of hostilities. And never was the world so starved for great fundamental progress."

When the war ended, Mr. Gompers said, "aspiration and ambition were purer throughout the world than ever before in the time of our written history." Faith in "the inherent goodness of democracy was sublime and complete," he said, but "greed brushed all this aside."

"Money greed, political greed, greed for place and power—these have been among us undoing our will and striking at our liberties," he said.

Declaring that labor "must contend for fundamentals that apply to the whole people," Gompers continued.

Not Quite Up To It

You Feel That Way If Your Blood Is Starved for Red Cells. PEPTO-MANGAN MAKES Red Blood

Overcomes That Languid Feeling That Cheats You Out of Work and Fun.

You say, "I wish I could go, but I don't feel able." Your friends say, "Are you ill?"

You are not exactly sick, but just feel unable to approach work or play in the old, vigorous spirit. The high speed at which Americans live sometimes taxes their strength. The blood is weak, lacking in red cells. When this condition exists, Gude's Pepto-Mangan taken three times a day shows quick benefits. Pepto-Mangan is known to physicians as The Red Blood Builder. It increases the supply of rich, healthy blood and in the absence of deep-seated disease this means health and strength for men, or women or children.

Pepto-Mangan is put up in both liquid and tablet form. Both forms are exactly alike in medicinal qualities. When you order Pepto-Mangan, be sure to ask the druggist for "Gude's." And look for the name "Gude's" on the package. If "Gude's" is not there, it is not Pepto-Mangan.—Advt.

WARMS NATION OF RED PERIL

U. S. Department of Justice Urges Americans to Guard Against Bolshevism Menace

CALLS RED PLANS CRIMINAL

Press, Church, Schools, Labor Unions and Civic Bodies Called Upon to Teach True Purpose of Bolshevik Propaganda.

Washington.—Calling for the patriotic support of all true Americans in its fight to protect their homes, religion and property from the spreading menace of Bolshevism, the United States Department of Justice has issued a warning against the insidious propaganda of the "Reds" during the new year. It reads:

"It would be extremely helpful to the cause of good government, the maintenance of law and order and the preservation of peace and happiness in our country if the people on this New Year's day would resolve to study, understand and appreciate the so-called 'Red' movement. They can counter-act most effectively by teaching its purposes through the press, the church, the schools, patriotic organizations and labor unions, all of which are within the range of its insidious attacks."

"Red" Theories Criminal.
The "Red" movement does not mean an attitude of protest against alleged defects in our present political and economic organization of society. It does not represent the radicalism of progress. It represents a specific doctrine—namely, the introduction of dictatorship into the world over by force and violence. It is not a movement of liberty-loving persons, but a distinctly criminal and dishonest movement. Lenin himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolsheviks there are nine real Bolsheviks, thirty-nine criminals and sixty fools.' It advocates the ownership of all property in common, the abolition of all religion and the destruction of the family. It is a movement to destroy Democracy and in fact, the power of the few built by force. Bolshevism, syndicalism, the Soviet Government, sabotage, etc., are only names for old theories of violence and criminality.

Russian Labor Crushed.
"Though their adherents in this country are advocating and fomenting strikes, Lenin and Trotsky forbid strikes, and trade unions are being broken up and completely subordinated to the will of the few demagogues in control in Russia. This Bolshevist experiment on the living body of the Russian people has not proven in any sense of the word an experiment in Democracy. The Bolshevist leaders frankly repudiate democratic principles as we understand them. It has been a gamble which meant for Russia, and, indeed, for the whole of humanity, enormous losses in lives as well as in material resources. The Bolshevists have run up a colossal bill which the Russian workmen and peasants will have to pay."

"Reds" Menace America.
"Having lived at the expense of the Russian people for two years, these speculators in human lives and other people's earnings are trying to move to new fields to the east and to the west, hoping to take advantage of the economic distress and confusion of mind in which humanity finds itself after the terrific strain of five years of war."

The sympathizers in this country are composed chiefly of criminals, mistaken idealists, social bigots and many unfortunate men and women suffering with varying forms of hypochondria. They are enemies of the government, of the church and of the home and advocate principles which mean the abolition of all three of these safeguards of civilization.

Would Rob Everybody.
"Twenty million people in this country own Liberty Bonds. These 'Reds' propose to take away 9,830,000 people in the United States own farms and 3,388,000 more own homes, which they would forfeit; 11,000,000 odd people have savings accounts in savings banks and 18,000,000 people have deposits in our national banks, at which they aim. There are hundreds of thousands of churches and religious institutions, all of which they would abolish. In other words, 110,000,000 hard-working and saving people who own property, love liberty and worship God are asked to abandon all the ideals of religion, liberty and government, which are the outcome of the struggles of their fathers and their own development, and to place themselves, their homes, their family and their religious faith in the keeping and their property under the domination of a small group of Lenins and Trozkys."

Protection Promised.
This department, as far as existing laws allow, intends during the forthcoming year to keep up an unflinching, persistent, aggressive warfare against any movement, no matter how cloaked or disguised, having for its purpose either the promulgation of these ideas or the excitation of sympathy for those who spread them. The movement will not be permitted to go far enough in this country to disturb the peace and stability of the people's government. It will fall away before the popular knowledge and purposes."

Hood Tires
Hood Tires, being based absolutely on actual costs of highest quality materials and labor, are constant with Hood Quality and Road Service.

The Hood Tires give value and service—greatest average mileage actually covered at lowest cost per mile—remains unshaken by uneven roads, which are arising to confront and confuse both driver and tire.

With cost of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. We will not pull down our standard—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which most tire values can be safely judged, for to-day the price of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY price, divided by miles actually delivered, makes the Hood the most economical tire you can buy.

Can you afford to be without Hood?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 3,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Oldsmobile
SETS THE PACE
22nd Year

The "THOROBRED"
7-passenger Touring Car

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

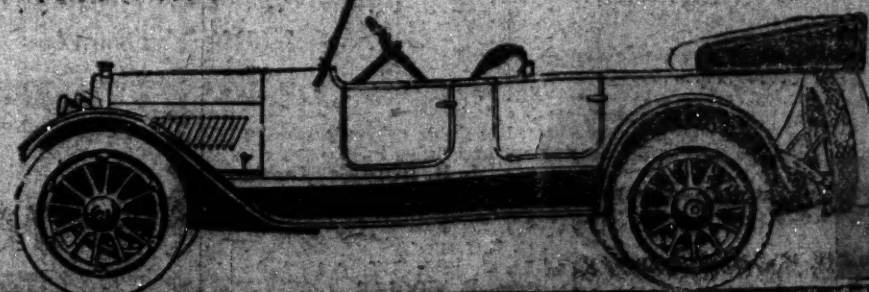

Descriptive literature will be sent upon request, or a demonstration gladly arranged.

THE CASE OF NEWBERRY

Conviction of Truman H. Newberry Saturday was a shock to his colleagues in the Senate. Senators said he can retain his membership in the Senate until his appeal to higher courts has been passed upon. If the upper courts should sustain the verdict Mr. Newberry would be compelled under the Constitution to give up his seat.

The hope was expressed that Mr. Newberry would relieve his colleagues of embarrassment by resigning but dispatches quoted the Senator as stating that he would not resign as his conscience was clear. It was considered improbable, however, that he would return to his seat in the Senate until the appeal had been passed on.

If Mr. Newberry did appear in the Senate chamber, a motion would be made to exclude him. Senators predicted.

At the time the Grand Jury handed down the verdict against the Senator, the question of suspending his privileges was discussed by some Senators, but aside from intimation to close friends of Mr. Newberry that he had better absent himself, nothing was done.

TWO GUNMEN DIE

Third Man Is Taken to Hospital After Newark Feud Fight

Newark, N. J., March 22.—Two gangs of "gunmen" clashed in a restaurant here yesterday and when the smoke cleared away the leader of each faction was found dead and another man, said to have been a participant, was taken to the hospital in a serious condition.

Enmity between gangs captained respectively by Arturo Papalardo and Patsy Benenanto, has existed for some time, according to the police. Benenanto and his brother, the police say, were going home early today when they saw Papalardo and five alleged followers seated in the restaurant. They entered and the fighting began.

Papalardo was found by the police sitting in a chair, clutching an empty revolver, with twelve bullet in his body. As an officer was examining Papalardo, Patsy Benenanto staggered in from a rear room mortally wounded. He died a few moments later.

Walls, mirrors and windows of the restaurant were punctured with bullet holes and the police found six revolvers on the floor. The restaurant employees denied knowledge of how the fight started.

CONVENT BURNS

Nine Sisters Injured When Fire Cuts Off Escape by Stairways

Wilkesbarre, Pa., March 22.—One nun was burned to death, nine others were burned or injured, and the Wilkesbarre convent of the Order of Mercy was practically destroyed by fire of unknown origin yesterday. The loss was estimated at \$150,000.

Mother Theresa, sister of the Rev. John Walsh, of Fordham University died last night from her burns. Six nuns are in Mercy Hospital, and as serious as being cared for in another convent.

Sixty sisters were in various parts of the building when the fire was discovered.

The flames swept so rapidly through the building that egress by the stairways was cut off and many of the sisters had difficulty in reaching the fire escapes before being overcome by smoke. Several were rescued through windows by the aid of ladders.

GIRL FIGHTS BURGLARS.

She is Finally Knocked Unconscious By Thief.

NEW YORK, March 20.—This is the story of a little girl's brave fight against two of the meanest burglars in New York.

Margaret Hagney, 12 years old, was asleep in her home in West twenty-fifth street, Wednesday night, when she was awakened by a noise in an adjoining room. She called out, "Who's there?" and receiving no answer, turned on a light, to discover two men rattling her bank, which contained 75 pennies. The men rang for the doorway, with the girl giving chase, screaming at the top of her voice.

She caught the man with the bank, meantime fighting off his companion, who was endeavoring to stifle her screams, and finally was knocked unconscious by a blow on the forehead with her own bank.

The men escaped, taking the bank with them, and neighbors a few moments later broke in the house and found Margaret unconscious on the floor.

WAR NURSE FROM ARMENIA ASKS AMERICA'S AID

Soldier Husband and Battlefield Baby Touring Country With Her for Near East Relief.

A mother, father and daughter, the latter born in a battered Red Cross tent in the icy Caucasus while guns roared all around and Turkish shells, ignoring the mercy emblem, burst near by, are touring America in behalf of their native Armenia. They are General Mesrop Newton Asgapegian, his

LADY ANNE ASGAPEGIAN.

wife, Lady Anne, and French Father Azarias Asgapegian, whose baby eyes opened upon scenes of horror and later through them saw much of the sufferings of the people of Armenia.

The family are making their tour under auspices of the Near East Relief, the big organization which has saved hundreds of thousands of the people in that part of the world from death by hunger and cold and is soon to open a nation wide campaign for funds to complete the work of saving the survivors, more than a half million of whom must perish unless aid comes to them soon.

General Asgapegian served gallantly in the Russian armies in the Caucasus against the Turks. His wife, who accompanied him to the front, did noble work for the wounded and sick, and it was while in this service that her baby was born in a hospital tent during a battle. An army blanket swung from two poles in one corner of the tent was the baby's crib during the rest of that terrible winter campaign. With the collapse of the Russian armies after the Bolshevik revolution the Asgapegians returned to Armenia for a brief spell and did their best to alleviate the suffering they found on every hand, but with a Turkish price on his head the father finally made his way with his family through Russia to Finland and then to this country. What they left of conditions and needs in Armenia is first hand evidence.

In the Caucasus, Armenia, Syria, Turkey and Persia are more than 250,000 orphans, helpless little victims of war, massacre and deportation, and for the great majority the only help between them and absolute starvation is a bowl of hot bean soup every day. This soup is supplied by the Near East Relief, now making an appeal to the American people for urgent funds to increase this food and to provide these suffering little ones with clothing and give them an education that will help them to become self-supporting. It is estimated that more than 1,000,000 in Western Asia will die of starvation unless American aid is continued.

CHURCH COUNCIL ENDORSES N. E. R.

Federal Body Says No More Compelling Need in All the World.

Departing from custom, the Federal Council of Churches has endorsed the work being done by Near East Relief, 1 Madison Avenue, New York City, the former committee for Armenian and Syrian Relief which has engaged the task of caring for 1,200,000 starving people in Western Asia. Resolutions adopted by the executive committee, as announced by Charles R. McFarland, general secretary, are as follows:

"Your committee recommends that prayers be offered in all our churches for the suffering children throughout the world, especially those who are in distress and peril as the result of the war."

"They further recommend that we maintain and emphasize our interest and co-operation in the plans of 'Near East Relief.' We know of no need in the world that is more compelling than that of the Armenian, Syrian and other peoples in the Levant who have already received and must still receive the generous sympathy of the American people."

MURDER OF MAYOR

Business Suspends All Day in Respect to Slain Official's Memory

Cork, March, 22.—The city's grief over the murder of Lord Mayor MacCurtain is intense. All business was abandoned yesterday crowds standing in the streets for five hours waiting for the funeral cortege to pass from the lord mayor's home to the City Hall, where the body lay in state with Sinn Fein volunteers mounting guard, until last night, when it was removed to the cathedral.

The body was dressed in the uniform of a commandant of the volunteers, with the sword laying on top of the casket. The police were confined to barracks last night, the authorities fearing a clash with the people. All amusements and places of business are to be closed today until after the funeral mass and procession to the cemetery.

The inquest began last night, but no new evidence was developed. The police were refused admission to the MacCurtain home and none but Sinn Feiners were called as jurors. Objection being made to this by the police were resent.

The MacCurtain family declare they have sufficient evidence to bring the crime home to the guilty, and the family attorney, Patrick Lynch, former opponent to President de Valera, promises to have an important statement to make when the inquest is resumed Tuesday.

MacCurtain was one of those arrested after the Easter week uprising in 1916, and was held nine weeks in an English jail. He was arrested again in 1917, but released following a hunger strike. Since then he has been on the run practically all the time, but he managed to evade the police drive of last December. He was regarded as the ablest municipal administrator in Ireland.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied to good clean skin. Instead, use Zemo. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.
